

Indiana's Telephone Privacy law is working extremely well. Please do not do anything to interfere with the effectiveness of it. In one week we received 50 calls before Indiana's law took effect. Now we don't usually even receive one a week. As you can tell this law is doing what it was intended to do. This is a very important matter to us. It is quite irritating to answer the phone so many times about what we are not interested in.

Once again, please do not make changes that would lower the effectiveness of Indiana's law.
